Regular User Guide

Register Screen

To use the application, it is necessary to register as a user, to do this just press the “Registrate” button located in the login screen.

This screenshot shows the login screen of the application. At the top, there is a status bar with the time 1:07 and various icons. Below the status bar is the ZION logo, which includes a circular emblem and the text "ZION ADMINISTRADORA DE FONDOS Y FIDEICOMISOS S.A.". The login form consists of two input fields: "Correo electronico" and "Contraseña". Below these fields is a checkbox labeled "Recuerdame". There are three buttons: "Inicia Sesion" (yellow), "Registrate" (dark blue, highlighted with a red border), and "Mas Informacion" (dark blue). At the bottom, there is a black navigation bar with a back arrow and a home indicator.

This will cause the register screen to pop up, now just fill out the register form with all the required information. It is important to note that the username must be at least 5 characters long and the password must be at least 8 characters long, must have at least 1 majuscule letter, 1 minuscule letter and 1 number. Any illegal entries for these fields will trigger a warning from the app. After providing the information press the “registrar cuenta” button to continue.

This screenshot shows the register screen of the application. At the top, there is a status bar with the time 1:07 and various icons. Below the status bar is a dark blue header with a back arrow and the text "Registro de Usuario". The register form consists of several input fields: "Nombre de usuario", "Cédula/RUC", "Tipo de persona" (with a dropdown arrow), "Correo electrónico", "Contraseña", and "Confirmar contraseña". Below these fields is a yellow button labeled "Registrar cuenta", which is highlighted with a red border. At the bottom, there is a black navigation bar with a back arrow and a home indicator.

Login Screen

Now that an account has been created, the user can login by writing their credentials in the correct field. If the user wants to remain logged in, then just activate the “Recuerdame” checkbox. After filling out the form press the “Inicia Sesion” button to login.

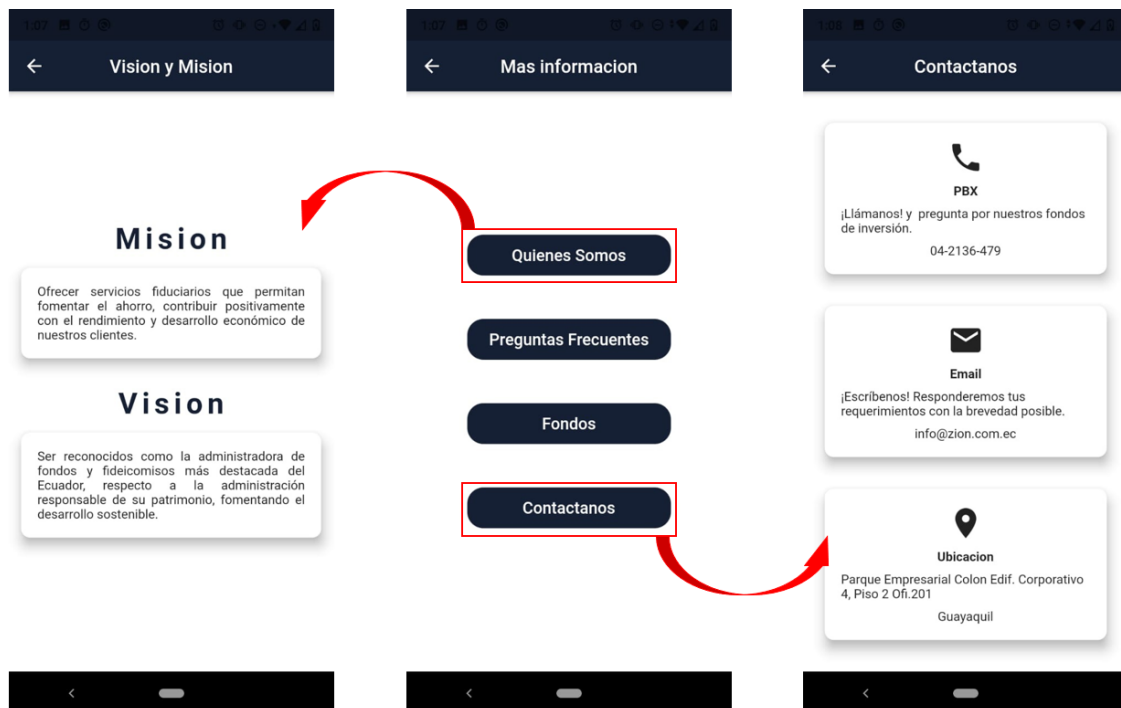

The screenshot shows a mobile application interface for ZION. At the top, there is a status bar with the time 1:07 and various icons. Below the status bar is the ZION logo, which consists of a circular emblem with a crosshair and the word "ZION" in a serif font, with "ADMINISTRADORA DE FONDOS Y FIDEICOMISOS S.A." written in smaller text below it. The main form contains two input fields: "Correo electronico" and "Contraseña". Below these fields is a checkbox labeled "Recuerdame" with a red arrow pointing to it. There are three buttons at the bottom: "Inicia Sesion" (highlighted with a red border), "Registrate", and "Mas Informacion". The bottom of the screen shows a black navigation bar with a back arrow and a home indicator.

More Information Screen

To access this screen just press the “Mas Informacion” button.

This will reveal a new screen with some important information about Zion, like contact information and the mission and vision of the company.

Goal Creation

This screen can be accessed after logging in, to create a goal it is necessary to fill out all the information that is requested in the form. It is very important that the values entered in the total amount and initial investment field are numbers with only two decimals, otherwise the app will not accept them. After the form has been filled press the “Registrar” button.

Bank Account Registration

From the configuration screen, the user can register a bank account. To do this just press the “Cuenta Bancaria” button and fill out the form. After this just press the “Registrar cuenta” button to register your bank account.

Installation Guide

To install the application just search it on the google playstore and click install [Disclaimer this will be the official way to install not implemented yet].

Another way to install is to download the apk file from <https://github.com/ZION-APP/Communications/tree/main/Release%20Versions> and execute it on your android device.
